

## Deferred Maintenance Program

The State Allocation Board (SAB) adopted amendments to the Deferred Maintenance Program (DMP) at the April 24, 2002 meeting. These changes represent a collaborative effort between the Office of Public School Construction (OPSC), the SAB Implementation Committee comprised of school facility representatives, and the public.

The OPSC will be conducting DMP presentations to provide an overview of the changes to districts and county offices of education at various locations throughout the State. School facility individuals that may benefit from the presentation are district superintendents, business managers, facility directors and maintenance and operations staff.

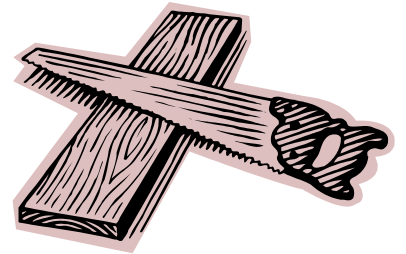

You are invited to attend one of the workshops at a location near you. If you are interested in attending these workshops, please contact Lauri Lathrop by e-mail at [lauri.lathrop@dgs.ca.gov](mailto:lauri.lathrop@dgs.ca.gov) or by telephone at 916.322.7867.
